SKILLS

- Fluent in the LAMP stack (Linux, Apache, MySQL, PHP) and Javascript
- Proficient in Laravel (MVC framework), jQuery, HTML, CSS, JSON, Git (version control software)
- Experience with Sequel Pro, Markdown, Github, CSS libraries (Twitter Bootstrap), Google translate API

EXPERIENCE

SkyLanguage

November 2014

- Using PHP, Javascript, jQuery, HTML, CSS, Laravel, MySQL, and the Google Translate API my team created an immersive social media app that helps users find and connect to people who speak foreign languages and seamlessly learn a language in a social environment. It's viewable at skylang.us or at github.com/Jacob-Ernst

Blog Project

November 2014

- Using PHP, jQuery, HTML, CSS, MySQL, and the Laravel framework I created a simple blog project allowing users to create posts and view them altogether or one at a time. It's viewable at jacobfernst.com/posts or github.com/Jacob-Ernst

Checkout Associate at Walgreens

November 2013 - August 2014

- Worked on average 30 hours per week manning the cash register, stocking, and cleaning. I went into the job knowing I'd need money to attend Codeup and begin my career as a web developer.

EDUCATION

8/12/14 - 11/5/14

Codeup (San Antonio, TX)

- Codeup is a 3 month immersive boot camp teaching the LAMP web development stack
- Throughout those 3 months I created several projects, all available on Github, ranging from command line applications to fully deployed web applications

8/20/09 - 6/1/13

Smithson Valley High School (Spring Branch, TX)

- Class Rank - 57 out of 490 (Top 12%)
- Graduation Program Type - Distinguished Achievement
- Unweighted GPA - 3.6
- SAT Score - 2030
